Brake Parts Inc Presents Leadership Awards

Recognizes Associates for Exceptional Performance Impacting its Success

MCHENRY, III. – Jan. 28, 2020 – Brake Parts Inc (BPI) recently honored five team members with the BPI Leadership Award during the company’s global leadership summit in Arizona. The following award recipients were recognized for their performance excellence, dedication and commitment to the success of both BPI and its customers.

- David Ferretti, vice president, sales - NAPA
- Kristin Grons, marketing manager - Raybestos
- Mark Massoth, director of pricing
- Michael Caruso, vice president, finance and global controller
- Yu Jun, vice general manager - quality control and engineering, Haimeng, China

“I am so proud of our BPI Leadership Award recipients and congratulate them on a job well done,” said David Overbeeke, president and CEO of BPI. “David, Kristin, Mark, Michael and Yu demonstrate exceptional qualities within their various roles and go above and beyond to show what it means to be a company leader. I sincerely thank them for all of their hard work and dedication to the betterment of BPI.”

The BPI Leadership Awards are presented annually and nominations are made by members of the BPI Global Leadership Team. Employees nominated for the award must exhibit several of the following leadership qualities: strong financial and operational acumen, customer focused, results driven, inspirational leadership, ability to build and manage collaborative relationships, entrepreneurship, strong personal development, courageous leader, management maestro, culture champion, loyalty advocate, team player, communications master and personal integrity.

About Brake Parts Inc

Brake Parts Inc (BPI) is committed to leading the global automotive aftermarket as the premier manufacturer and supplier of brake system components, including its respected flagship Raybestos® brand. The company’s primary focus is the growth and profitability of its customers through a collaborative platform of quality, innovation, dedication and integrity. A supplier to major auto parts organizations, BPI has a demonstrated commitment to research, development and testing of its entire product offering, including friction, rotors, drums, calipers and hydraulic products, ensuring that they meet or exceed original equipment fit, form and function requirements.
